Want to help your A-Level students better understand and succeed in maths?

Keen to support the development of A-Level teaching across your maths department?

By working with other A-Level teachers, [this programme](#) will help deepen your content knowledge, develop classroom practice and influence department-wide teaching.

The course will be run over three full days across the year with a focus on problem solving.

**Register your free place using our QR code (top left) or [click here](#).** There's no sign-up or course fees – the programme is fully funded\* through the Maths Hub Programme.

\*The Maths Hub programme is free for State schools/colleges only. Fees apply for Independent/private schools.
