

Fully funded

Mastering Number Embedding the Impact

Support for schools that have already engaged in Mastering Number

What is involved?

This community is for schools who have already engaged in Mastering Number. One nominated Lead Teacher will receive support to make Mastering Number a permanent element of the school curriculum.

The Lead Teacher will engage in an online learning community and have continued access to all teaching materials, recording of central sessions, and sample teaching videos.

Who can take part?

This community is open to all 2022/23 Mastering Number schools who are engaged in a 2023/24 Teaching for Mastery Work Group (or have a formal expression of interest in working with the hub on teaching for mastery in future years). It is also open to schools who engaged in Mastering Number 2021/22 who have not previously engaged in this community.

Find out more

Search **embedding mastering number** online or contact your local Maths Hub:

[Further information here](#)

Benefits

- Your pupils will show confidence in exploring additive relationships
- Your pupils will make good progress towards the Early Learning Goals and year group expectations
- You will work with colleagues either in your school or in a local school to better understand how the Mastering Number resources can enhance teaching
- You and your school leaders will build on the learning of the first year of involvement to embed and sustain the practice in future years

The **community** is fully funded by the Maths Hubs Programme, so is **free** to participating schools.

Eligible schools will be contacted by GLOW Maths Hub
